

{swf}header{/swf}

Pinkerton Security is a security solutions specialist, encompassing security alarms, cameras, access systems and systems automation.

We can integrate any of these systems to suit your requirements factoring in functionality, effectiveness and cost to design a system that will meet all your requirements.

An area which is progressing at a fast rate is the interface between the above systems and the internet. We have adopted this technology to enable our clients to take full advantage of this.

With **28 years experience** within the industry we have seen the evolution in technology and have adapted it to benefit our clients' requirements . **We are now the only family owned & operated security company based in Wangaratta**

## HOLIDAY SEASON

With the holiday season upon us again it is the time to give some consideration to protecting your residence / business if you are going away, simple measures can save you a lot of grief. For residences make sure the house looks lived in get mail in the letter box cleared, for business people do not make it too well known that you may be away, let only the people who have to know. For any further suggestions please feel free to contact us as we are local.

**We service the entire North East, Central Victoria, Metropolitan, Murray River border region & the Goulburn Valley area.**

With such a large client base, our dedication to an unequalled service along with quality equipment at a realistic price you can be sure our company will be here to serve your security needs well into the future.

## UPGRADES / CHANGE OVERS

If you intend to have your audible only alarm control room monitored or are seeking a new monitoring service provider read on. We have a very cost effective offer that will **SAVE YOU MONEY** . Our offer involves the installation of a new current technology control panel and text keypad. The system would be monitored to our nominated control room and you only pay for the weekly

monitoring fee. Add to this the first 12 months monitoring is  
HALF PRICE  
you will save money immediately & protect your premises.

NOTE the new components remain our property and there is no contract period, if you have an  
audible system, a phone connection to the alarm panel will be required.
